TECHNICAL SKILLS

Kali Linux	90%
Burp Suite	80%
Linux / Bash	75%
Incident Response	70%
Log Analysis	70%
PowerShell	65%
Python	60%
SOL	65%
Wazuh / SIEM	60%
Sn0rk	55%

TOOLS & ENVIRONMENTS

VirtualBox	DVWA	VulnHub
HackTheBox	Wazuh	pfSense

SECURITY AREAS

Pen Testing	Ethical Hacking	SOC Analyst
Blue Team	Red Team	Vuln. Assessment
Web Security	OSINT / Maltego	Malware Analysis
Subnetting		

LANGUAGES

Italian	●●●●●
Spanish	●●●●●
English	●●●●●
French	●●●●●

SOFT SKILLS

Problem-solving	Adaptability
Team work	Communication

About Me

Junior Cybersecurity Specialist focused on Ethical Hacking, Penetration Testing and Blue Team / SOC operations. Hands-on skills with Kali Linux, Burp Suite, Wireshark and Nmap, developed through labs, CTF challenges (VulnHub, HackTheBox) and environments such as DVWA and Metasploitable 2. Operational security background at SAMO Security. Full awareness of GDPR obligations.

EDUCATION

Cybersecurity - Intensive Program

Mar.2026 - Jun.2026

EPICODE Institute of Technology

Ethical Hacking, Penetration Testing, Network Security, Vulnerability Assessment (Nessus, Nmap), Web Exploitation (XSS, SQLi), SOC & SIEM, Cisco CyberOps, Kali Linux, OSINT. Labs: CTF on VulnHub and HackTheBox, DVWA (SQLi, XSS, File Upload), Metasploitable 2.

High School Diploma - Language Lyceum

Sep.2012 - Jun.2020

ISS Giulio Cesare

Foreign Languages and Literatures. Grade: 74/100. Multilingual communication skills.

LABS & PRACTICAL PROJECTS

HackTheBox, VulnHub, TryHackMe & CTF

Enumeration, exploitation and privilege escalation. CTF: SQL injection, XSS, file upload bypass, hex/Brainfuck decoding, steganography (steghide), port knocking, SSH lateral movement. Full chains on VulnHub (BSides Vancouver, Jangow01) with CVE-2017-16995.

Blue Team, SIEM & Malware Analysis

Wazuh SIEM deployment on Kali with agent enrollment and KQL dashboards. TCP three-way handshake analysis with Wireshark. Malware analysis (WannaCry, DanaBot) in tria.ge sandbox and FlareVM. OSINT and passive recon with Maltego.

Networking & Infrastructure

Enterprise network design (120 clients, VLANs, IDS/IPS). pfSense (WAN/LAN/OPT1) and Cisco Packet Tracer. Active Directory on Windows Server 2022 with GPO and NTFS ACLs.

WORK EXPERIENCE

Armed Security Guard (GPG)

2024 - 2025

SAMO Security & Business Solutions

Supervised security and CCTV surveillance systems, access control and anomaly management with decision-making autonomy in high-control environments. Constant monitoring of alarm systems and prompt reporting of critical events following defined operating procedures. Correspondence handling with verification and sorting via dedicated software.

Medical Secretary

2021 - 2022

Ambulatorio ASL

Sensitive data management in compliance with GDPR, management software and digital archiving.

Bar Assistant / Waiter

2022 - 2023

Mageco

Service in a fast-paced environment, teamwork under pressure.
